QA Analyst

Detail-oriented QA Analyst with 7+ years of experience in manual and automation testing across gaming and enterprise tech domains. Proven track record in test planning, execution, automation, and process optimization. Adept at working in Agile environments with a strong command of Python-based automation and industry-standard QA tools.

WORK EXPERIENCE

Electronic Arts (EA) QA Analyst 2

05/2021 – Present
Hyderabad, India

- Led test planning and QA ownership for key features across mobile game projects.
- Scoped time estimates, wrote test plans, and ensured execution aligned with timelines.
- Developed automation scripts using Selenium, Appium, and Python Requests.
- Built internal QA tools using Tkinter to automate repetitive tasks.
- Integrated testing into CI pipelines via Jenkins and GitLab.

QA Tester

Hyderabad, India

- Performed functional, regression, and mobile testing for live titles.
- Documented QA notes and maintained traceability from requirements to test results.
- Maintained and executed test cases in TestRail and tracked defects via JIRA.

Associate QA Tester

Hyderabad, India

- Executed comprehensive test cycles across mobile platforms.
- Collaborated with developers to identify issues and optimize build cycles.

Glu Mobile Associate QA Tester

04/2021 – 05/2021
Hyderabad, India

Transitioned into EA post-acquisition. Supported initial QA efforts and transition planning.
